

To whom it may concern -

My household has been a part of the telephone privacy act since it began. We used to recieve about 2 - 3 annoying phone calls from solicitors per day. Since we have been on this list we recieve 1 - 2 per month. Now we can enjoy the time we have at home without interuption. We are hoping that the FCC does not implement any proposal that would lessen this privacy act. We do not want to go back to the old interuptions. Thank you for your consideration.
